**PETITION FOR FILING BY JOINT INVENTORS UNDER 37 CFR 1.47(a)**

Sir:

The above-named applicants hereby petition the Commissioner to accept the filing of the above-identified U.S. patent application on behalf of themselves and on behalf of joint inventor, Mr. Ioannis Kriaras, who cannot be found or reached after diligent effort.

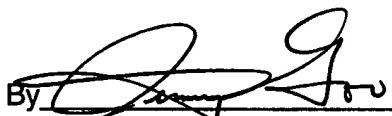

Mr. Kriaras was employed by Lucent Technologies Inc. ("Lucent") from May 27, 1996, to March 2, 2001, during which time Mr. Kriaras and the other inventors developed the invention. The other inventors developed the invention with Mr. Kriaras under the authority of Lucent. The above-identified application was filed in the United States Patent and Trademark Office ("USPTO") on May 14, 2001, claiming priority under 35 USC 119 from a corresponding application filed in the European Patent Office ("EPO") on May 19, 2000.

A declaration and copies of documentation are attached hereto disclosing the efforts that were made during the Convention year to prepare the application and obtain the signature of the inventors. Also, the declaration and attached documents provide proof that the nonsigning inventor, Mr. Ioannis Kriaras, could not be found or reached after diligent effort. Mr. Kriaras' last known address is: **4 Boundary Close, Bradenstoke, Wiltshire, SN15 4JZ, Great Britain**. Lucent's Intellectual Property office in Swindon, Great Britain, mailed several letters to Mr. Kriaras' home address, along with
